Disclaimer

We are not responsible for buying and selling Coin in the market incorrectly. Or the price of Coin has decreased dramatically. Also, we are not responsible for doing illegal actions with it. Or forget your wallet information.

Introduction

There are many cryptocurrencies in circulation, but there are few who work with them in trades. Fers coin is one of those that get high in a very short time, and you can trust him to develop and build your future with him, through trading and it is projects or opportunities to win gifts.

Tokenomics

- Fers has a total of 10 billion coins, some of them are in trading and others are set aside. 500 million coins are invested, and 9.5 billion coins are locked in future, it is locked because of investment and movement of coins in market.
- Every year on 1 Jan from 2024-2033, we will display a coin in the market, increasing the number of coins, and developing it is progress.

Invest and take your gift

Any buyer or participant you bring to us, we will reward you with it. At that time the buyer should buy fers coin and you will take screen shot to his fers coin that he buys it, and you will send it to us through our social networking sites. Or he will buy it from us.

In this way you will take your gift, and gifts are:

If your buyer buys fers coin at a price of 100\$, you will take 10\$ as a gift.

- 100\$ = 10\$
- 1,000\$ = 100\$
- 10,000\$ = 1,000\$
- 100,000\$ = 10,000\$

➤ In this way the buyer will make good profit and everyone how share it.

Project plan

- **Start-2023**

The fers coin invented in 2023,15 oct.

- **In2023**

For the first time in 2023, December the fers coin invited in coinstore.
